

Work and safety rubber boots

ZCR01

Name: ZCR01
Sizes assortment: 39-48
Specification: EN 347

Description:

High PVC rubber boot

ZCR02

Name: ZCR02
Sizes assortment: 39-48
Specification: EN 345 S5

Description:

Safety PVC top boots S5

- Safety PVC Top – boot
- Height 38 cm
- Steel toe cap
- Steel antiperforation midsole
- Protection against water, dirt, compression and perforation
- Antistatic sole, agree with requirements on safety working footwear for construction sites, agriculture and manufacturing processes

ZNR 01

Name: ZNR 01
Sizes assortment: 6-13
Specification: EN 347 E ORO WRU

Description:

Rubber high boot with protection against waters and mechanical impurity for universal using

Material:

Footwear is fabrication from mixture natural and synthetic rubber, with cotton linings and is enough flexible as well as ecological affable to his surroundings and at her liquidation. Thereby with espressivo distinguish from plastic footwear

Construction:

Construction footwear go out from customary orthopaedic fundamentals and most helps frame hooves and feet carry working load

Sole:

Sole with broken tread increases protection against slip and interlock and good steadiness at walk

Lining:

Lining from cotton knitwear modification in face of stamping stipulate good flexibility and hygiene footwear at wear

Insole:

Sock lining from material JEKOR embody reliable absorbability and at the same time with at wear adapt recontouring feet and increases so sensation comfort

Servicing:

Glare footwear then interlock her easy upkeep, ablation by water

ZNR 02

Name: ZNR 02
Sizes assortment: 39-48
Specification: EN 345 S5

Description:

Safety Rubber top heavy duty boots S5

- Safety Rubber top boot
- Height 37 cm
- Steel toe cap
- Steel antiperforation midsole
- Mixed cotton fabric lining giving increased abrasion resistance
- Felt removable lining with good water absorption capacity and adaptability to foot shape thus increasing comfort
- Protect against water and mechanical dirt in heavy-duty operations involving risks of puncture of the boot outsole with sharp objects

ZNR DG

Name: ZNR DG
Sizes assortment: 39-48
Specification: EN 347

Description:

Dielectric galosh

- Safety rubber dielectric galosh for low voltage installation works.
- EN 50 321 certificate.
- Electrically insulative footwear for work in installation low tension into 1 000 V AC inclusive (examine stand by 10 000 V)

ZSR 2009

Name: ZSR 2009
Sizes assortment: 38-47
Specification: EN 347

Description:

Fisherman boot, chest waders

ZSR 6187

Name: ZSR 6187
Sizes assortment: 38-47
Specification: EN 347 E ORO WRU

Description:

Rubber high boot with protection against waters and mechanical impurity for universal using

Material:

Footwear is fabrication from mixture natural and synthetic rubber, with cotton linings and is enough flexible as well as ecological affable to his surroundings and at her liquidation. Thereby with espresso distinguish from plastic footwear
